

The background of the advertisement consists of a large, circular arrangement of numerous small, square tiles in various colors, primarily shades of green, yellow, blue, and red. These squares are arranged in concentric rings, creating a pixelated or mosaic-like effect that resembles a rising sun or a burst of energy. Some squares are larger and more prominent than others, particularly towards the outer edges.

INNOVATIVE

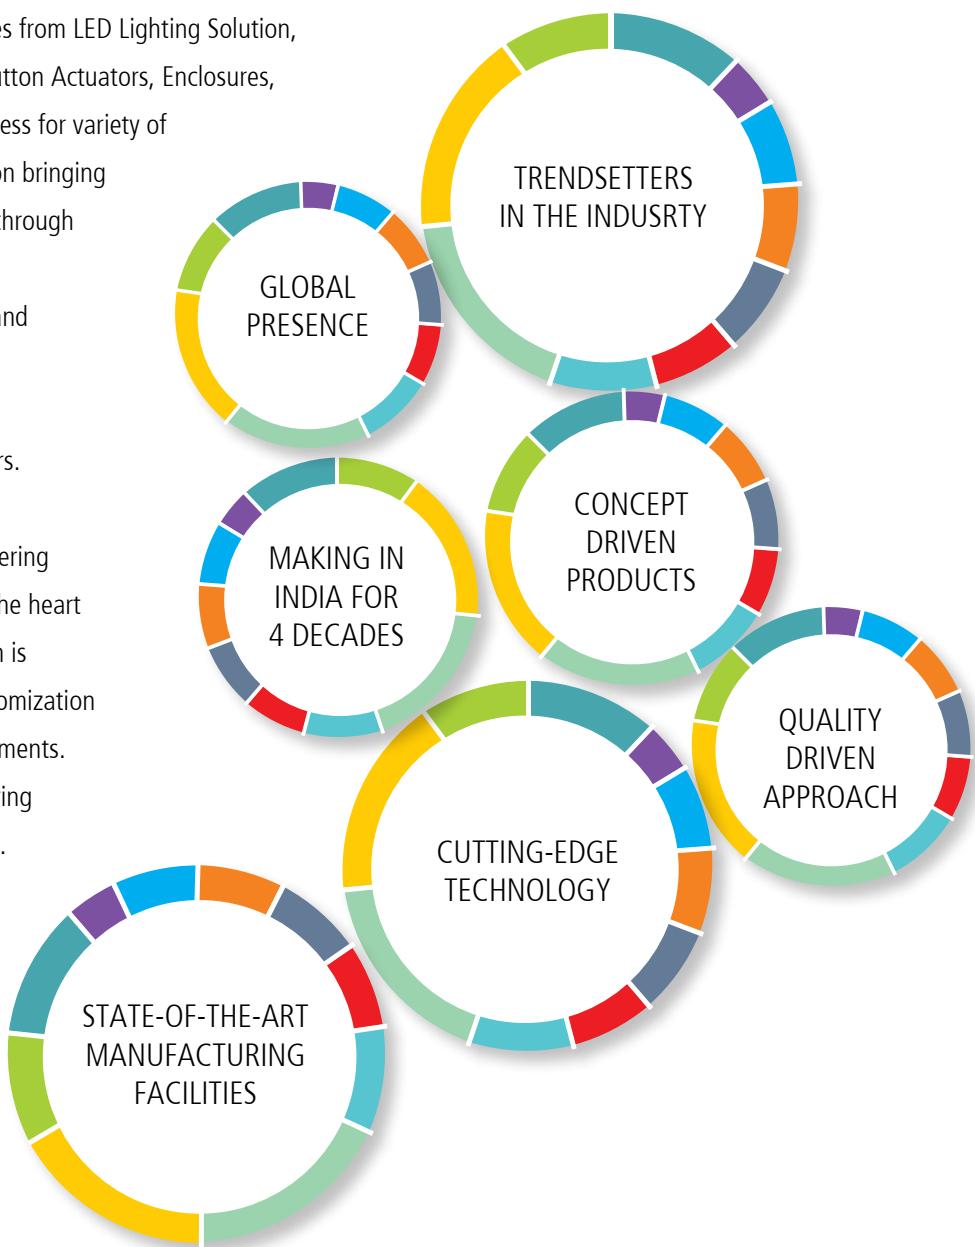

At the core.

INNOVATING

India since 1974

Esbee is an ISO 9001:2015 certified company engaged in manufacturing and developing products catering to the needs of general engineering and white goods industry since 1974. Our extensive product portfolio ranges from LED Lighting Solution, Signaling unit, Industrial Push Button Actuators, Enclosures, Switches, Sockets and Wire Harness for variety of applications. We strongly focus on bringing tangible value to our customers through quality, service, and cost control. Along with Indian certifications and approvals, we hold various international approvals such as IEC, UL, TUV, CE, CSA among others.

Innovation is the heart of engineering and we at ESBEE strive to keep the heart beating. Every product we design is crafted with innovation and customization according to the customer requirements. Excellent designing and engineering capabilities are our core strength. Furthermore, perfect blend of state of the art infrastructure and dedicated workforce are our major strengths. All these factors facilitate us in making outstanding products to suit the needs of various markets.

Our Journey

1974

Started with trading activities
in a small premises

1982

Manufactured Sync Motors
as first product

1983

Establishment of our first plant
of 10,000 sq.ft. in Pune

1988

First product enhancement with
Push Button manufacturing

2001

Launched
TeeKay
Series

1998

First delivery of appliance
switches

1997

Entered into technical
Collaboration with EMB
Corporation, U.S.A for
appliance switches

1996

Commencement of manufacturing
for Industrial HRC Fuses for L&T

1991

Execution of our
first export order

2009

Introduction of
Gen Next Series
for indicators
& push button
range

2011

Establishment of our second
plant of 20,000 sq. ft. in
Ahmednagar.

2012

Esbee Industrial Combines
converted to Esbee
Electrotech LLP

2014

Establishment of the
third plant of 40,000 sq. ft.
in Pune

Assembly Line

EMS setup

Soldering Unit

Infrastructure

ESBEE is well equipped with three state of the art manufacturing plants. Our 3 plants are located at strategic locations. Out of which 2 are in Pune and 1 in Ahmednagar, which assist in better geographical reach, and efficient supply chain management. All the manufacturing facilities have strong assembly for electro-mechanical, mechanical, electrical and

electronic assemblies. Recently established our Plant in Pune (HQ) consisting of advanced machines which include stencil printer, Juki make - pick & place machine and seven zones reflow oven as per the industry standards.

The assembly lines are well laid out with ample lighting. To offer flexibility in manufacturing and for better

Reflow

Raw Material

Logistics

ergonomics, we have installed a bus bar trunking system. The company is also equipped with well storage system. It helps in optimum utilisation of space and allocation of resources.

In today's competitive world research and development is a key element to deliver quality and performance. To accomplish the same we are equipped with a young and energetic Research and Development team with diverse

experience. The team is completely congruent with our requirements goals resulting into perfect visualization and incorporation of features benefitting our customers in terms of aesthetics, quality, performance and cost. Human safety is a prominent element in our product designing process. All the products designed to fulfill international industry standards like UL and IEC. We use all the advanced design software's like Solid edge - ST8, NX-10.0 and Orcad.

Ultrasonic Welding

Research and development

Testing Facility

We have a well-equipped testing laboratory to perform different electrical and mechanical endurance tests as per different global as well as Indian electrical standards (IEC & UL). The lab has equipment to check plastic flammability, plating thickness testers and bursting strength checker for packing materials.

To perform different electrical test suitable power sources, load bank and temp rise testers are provided . Different test are carried out at appropriate product life cycle for assured performance. The results are well documented and preserved for future references.

Leadership

Strong and determined leadership are the pillars behind our success. The foundation of the company was led by the Chordiya family. The founders shared common passion to provide excellent quality products with superior technology and innovation. Today with unstoppable spirit of next generation, [ESBEE](#) is flourishing with excellent pace. The second generation entrepreneurs are continuously striving hard for growth of the company. The driving force behind the young leaders is the vision from the seniors. This helps them in striking a perfect balance with latest technology and core principles such as ethical practices relationship building, commitment and excellence.

People

At [ESBEE](#) we believe that people are our most valued asset. The management works hard to create an environment where the talent of our individual member is recognized and appreciated. To achieve the same we implement the best HR practices, where we encourage our people to put their best efforts and build an energetic work culture. It also helps ESBEE in attracting best professionals in industry. The company also believes in equality. No member is discriminated on the basis of gender, cast, religion, region, language. All these factors have contributed in making a competent team which has the ability to deliver the best output even in challenging situations. The health and safety of our members is important to us and we have adopted the latest industry guidelines to ensure the well-being of the workplace.

A Green Approach

We believe that protecting our earth's ecosystem is one of the greatest challenges that the world faces today. The company contributes its best to protect human and environment health so our future generations inherit a cleaner and greener planet. A deep concern to protect our environment drives **ESBEE** to adopt many sustainable practices. The company has built a sustainable model by streamlining the manufacturing processes. These practices have helped the company in eliminating or minimizing the content of harmful carcinogenic substances, which

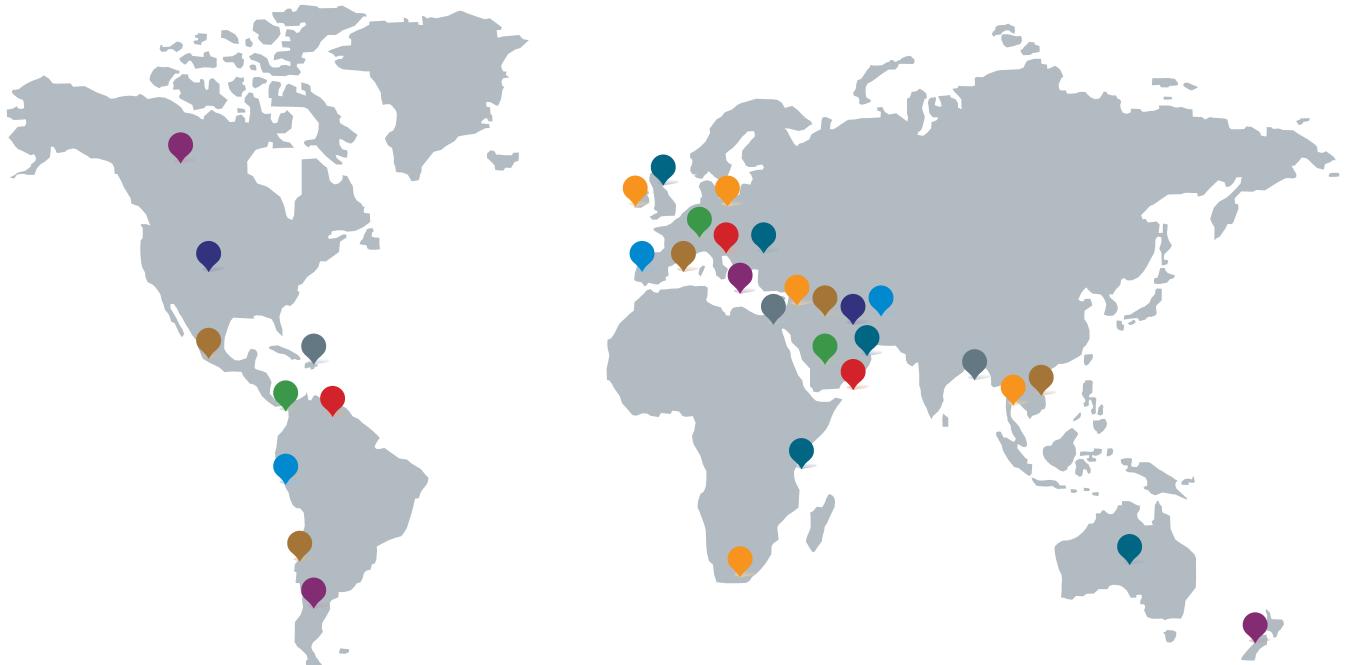

ultimately makes the products as per the latest product reference standards. The company has adopted green practices in all areas of operations which have reduced the wastage of plastic, and other harmful products. We have also incorporated sustainable practices in designing workplace areas where ample natural light is used which reduces the consumption of electricity. Furthermore, the company has installed a couple of windmills near Pune. Across the organization the company makes a conscious effort to reduce its carbon footprint.

Corporate Social Responsibility

ESBEE is a strong believer in the principle of giving back to the society and is committed towards development of society and other underprivileged sectors. In the field of education and healthcare the company has set up

"Sukhlal Bansilal Chordiya Charitable Trust (Regd.)" which is funded by both ESBEE and GIC. The trust extends financial support and assistance for the basic education and medical treatment of the underprivileged.

Serving the world.

ESBEE has strong presence in the world market, serving more than 36 countries across the globe since 1991. The company firmly believes that Indian products have marked their presence in the world with superior quality and innovation.

Innovation is one of our core strengths which have supported us in expanding and strengthening our product portfolio to serve the customers all over the world. The other major strength of the company is building long lasting relationships with our business partners enabling us to serve the world in a better way.

Esbee serves the following countries-

- Australia
- New Zealand
- USA
- Canada
- Mexico
- Chile
- Dominican Republic
- Argentina
- Venezuela
- Peru
- Panama
- UK
- Ireland
- Germany
- Italy
- Poland

Maintenance-free Lighting Solutions

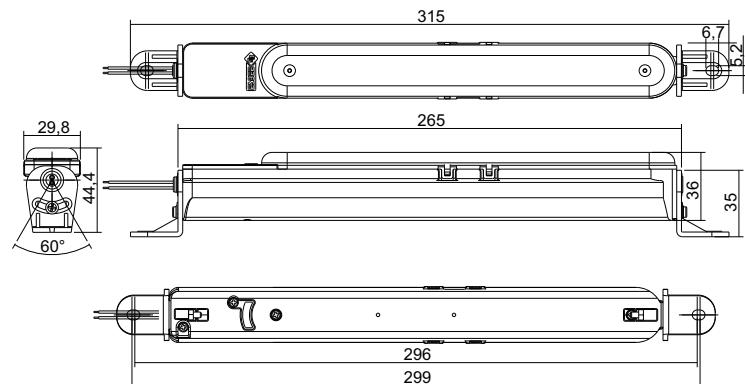

LED PANEL LIGHTS

- Completely assembled product .Ready to use.
- Product made of Engineering plastic making it more robust,impact proof, corrosion resistance & fire retardant.
- Low power consumption.
- LED's with long life of close to 0.1million continuous burning hours.
- Cascading options available.
- Available in 240V AC,110V AC,24V AC/DC,12V DC.
- Sustain 2.5KV of surge & 4KV of EFT, Allowing the operator to use it at variable as well as under construction sites with complete safety.

Technical Specifications

Rated Voltage	240V AC, 110V AC, 24V AC/DC, 12V DC
Limit of Operating Voltage	-20% to +10% of Rated Voltage
LED's	5 mm Th. Hole LEDs
Colours Available	White/Black/Grey
Life (Million burning hours)	0.1
LED Arrangement	Cluster
Colour Temp.	6000° K - 7000°K
No of LEDs	24
Operating Frequency	50 / 60 Hz
Operating Temperature	-25° C to 65° C
Storage Temperature	-30° C to 70° C
Surge Test	4kV
HV Test for 60 sec.	2.5kV
EMI / EMC Protection	4kKV
IP Protection	IP 54
Power Consumption (240V AC)	<3W
Mounting & Centre Distance	Magnet, Screw M5 X 25, CD : 299mm
Housing	ABS
Lens Polycarbonate	Clear
Length x Width x Height	315 x 30 x 45 mm
Feature	Swivel/Magnet/Cascading
Lux @1 meter	90

Internationally Approved LED SIGNALING UNITS

- Sleek & stackable design.
- SMD LED technology.
- Continuous, Flashing and Rotary Integrated LED light modules available.
- IP 65 protection .
- Wide voltage range from 12V AC/DC to 240V AC.

Siren Flasher

Emergency Siren with LED Flasher		
Housing Colour	Voltage	Part No.
● ●	240V AC	IA12M34R240A
	110V AC	IA12M34R110A
	24V DC	IA12M34R024D

Technical Specifications

Rated Voltage	24V DC, 110V AC, 240V AC
Limit of Operating Voltage	-15% to +10% of rated voltage
Type of Sound	Single tone,Wail and yelp signals with cycles 150-250/min
LED Flasher	Red Colour
Light Intensity	100 LUX
Sound Output	100 db
Surge	2 kV
EMI-EMC	2 kV
Operating Temperature	-25°C to +65°C
Storage Temperature	-30°C to +70°C
Degree Of Protection	IP 65
Power Consumption	<5W
Polarity Protection	Provided
Insulation Resistance	1 Mohm
Contact Terminal	Red & Black Wire with L=50mm (Change as per customer req.)

Tower Lights

Choose Different **COLOURS**
And Set Your Own Combo

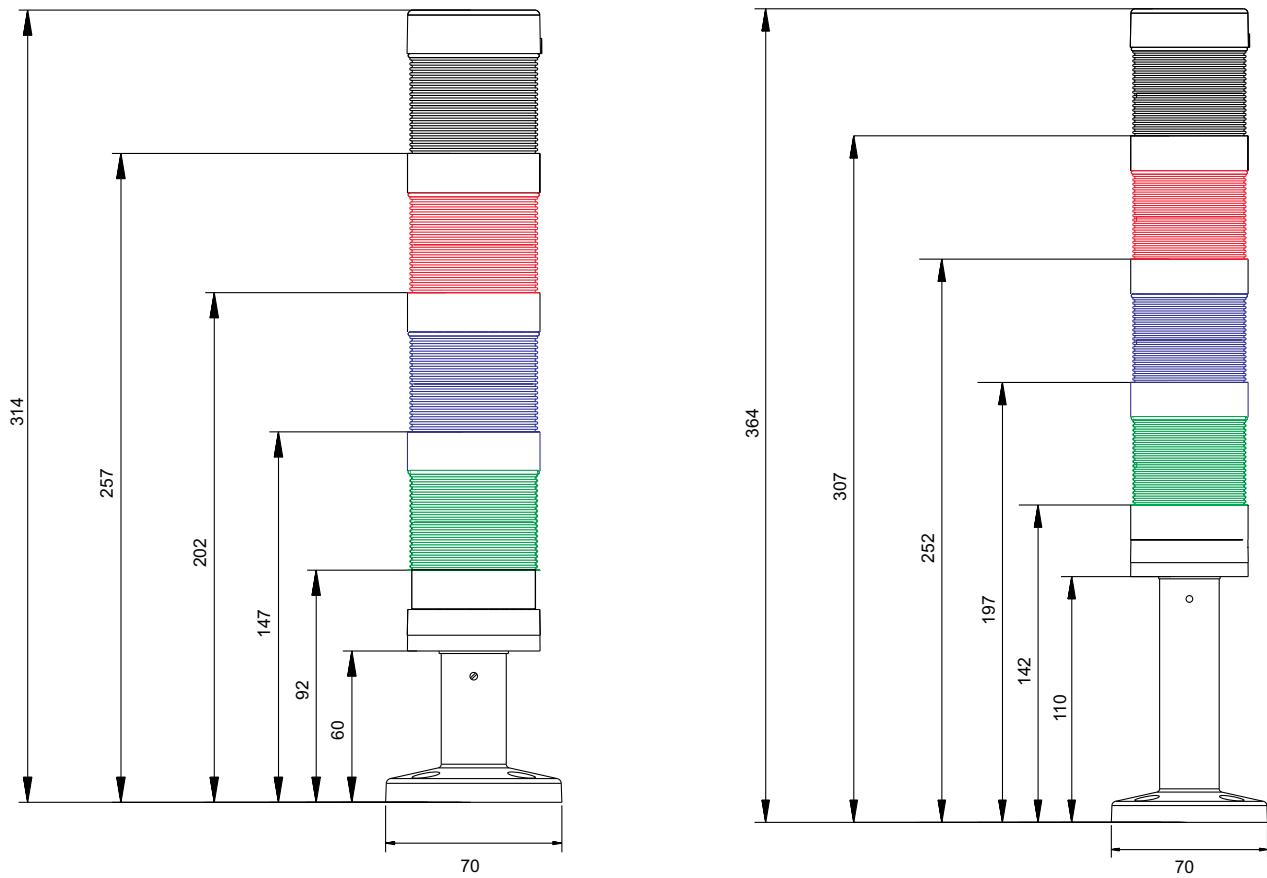

- Sleek & stackable design.
- SMD LED Technology for uniform & bright illumination.
- Flexibility to upgrade from single LED unit to multiple (max 4) LED units.
- Optional feature of Buzzer with dual sound mode-continuous & intermittent with 80db output.
- Different Mounting options like Base mounted, L clamp, Wall mounted, Swiveling base.

Bright and Uniform GEN NEXT LED INDICATORS

- Gen Next LED Indicator with SMD LED technology.
- Special fire retardant plastic .
- Inbuilt LVGP (Low Voltage Glow Protection).
- Operating life more than 0.1 million burning hrs. continuous sound model with 80db output.
- Withstand 2kV surge test & passes 1.5kV HV test for 60 seconds.
- Inbuilt IP20 protection for terminals & IP 65.
- Can be fitted in 30 mm dia with additional accessories.

Panel Mounted Buzzer

Product	Panel Mounted Buzzer
Rated Voltage	12V AC/DC, 24V AC/DC, 30V AC/DC, 48V AC/VDC, 63.5V AC/DC, 110V AC, 240V AC
Operating Voltage	-20% to + 10% of rated voltage
SPL (Sound Pressure Level)	>80dB
Colour	Black
Life	>0.01 million burning Hrs.
Operating Frequency	50/60 Hz
Operating Temperature	-25°C to 65°C
Storage Temperature	-30°C to 70°C
Wire Termination Capacity	Min 0.5 mm ² , 1.5 - 2.5 mm ²
Terminal Torque	0.8 Nm
Surge Test	2kV
Hv Test for 60 sec.	2.5kV
Operating Frequency	Above Panel : IP 55 For Terminal : IP20
International Approval	CE

Compact and Safe

GEN NEXT

MODULAR PUSH

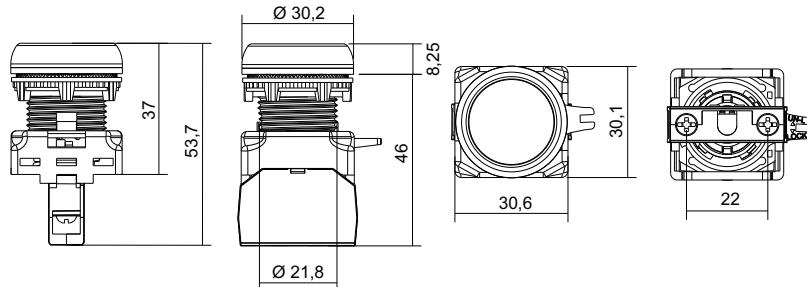

BUTTONS

- Unique & Compact design.
- Available in Illuminated/Non-Illuminated.
- Snap mounting with compact contact blocks (EC1C & EC2C).
- Stackable design for Contact Block.
- Electrical life more than 0.5 million and mechanical life more than 1.0 million.
- SMD LED technology for illuminated push button.
- Inbuilt LVGP (Low Voltage Glow Protection)
- Passes surge test 2kV & HV test of 1.5kV.
- IP 20 terminal protection & IP 65.

Ready to use Solution

GEN NEXT ENTEGRAL PUSH BUTTONS

- Compact and Unique design.
 - Ready to use solution for OEM & Panel Builders.
 - Isolated terminals for NO+NC Application.
 - Current rating of 6A at 240V AC.
 - IP 20 terminal Protection & IP 65.
 - Electrical operation 0.5 million at rated voltage, mechanical life of 1 million operations.

Robust & Proven Solutions

STANDARD PUSH BUTTONS

- Available in Illuminated & Non Illuminated.
- Snap fit & easy assembly.
- IP 20 terminal and IP 65.
- Electrical life more than 0.5 million and mechanical life more than 1.0 million.
- SMD LED technology.
- Inbuilt LVGP (Low Voltage Glow Protection).
- Passes Surges test 2 KV & HV test of 1.5kV.

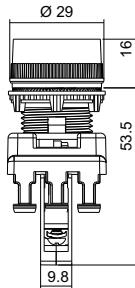

ENDURANCE TEST SET UP FOR ROCKER SWITCHES

Technical Specifications

Product	Gen Next LED Actuators
Rated Voltage	12V AC/DC, 24V AC/DC, 30V AC/DC, 48V AC/DC, 64V AC/DC, 110V AC, 110V DC, 240V AC, 220V DC
Operating Voltage	-20% to +10% of rated voltage
Type of LED	Side View SMD LED's
Available Colours	Red/Green/Yellow/Amber/Blue/White
Life	0.1 million burning hour
Operating Frequency	50 / 60 Hz
Operating Temperature	-25°C to 65°C
Storage Temperature	-30°C to 70°C
Wire Termination Capacity	0.5mm², 1.5 - 2.5 mm²
Terminal Torque	0.8 Nm
LVGP	Available
Surge Test	2kV
HV test for 60 sec.	1.5kV
Degree of Protection	Above panel : IP65 For terminals : IP20
International Approvals	CE

Ergonomically Designed GEN NEXT STATIONS

- Sleek, Compact & Unique design .
- Good aesthetics, occupies less space.
- Easy to grip, assemble & operate.
- Robust & maintenance free.
- Comply with safety IEC standards with IP 65 ingress protection .
- Available range of enclosures single, two, three & eight station .

Technical Specification

1. Degree of Protection : IP 65 for Push Button Enclosure with Indicators & Actuators

2. Safety : Fully insulated to hose electrical & electronic equipment w.r.t. protection against electric shock.

3. Material : Bottom Cover : Tough, Impact resistant & fire retardant ABS.

Top Cover : Tough, Impact resistant & fire retardant ABS.

Gasket : Nitrile rubber, which is good resistant to Oil & acids.

Screws : Half threaded Self tapping Cold Forged Screws with blacodising.

4. Dimensions :

Type of Enclosure	Single	Two	Three	Eight
Size in mm (Length, Width, Depth)	65x55x33	100x55x53	134x55x53	305x55x53

Screw Size for wall Mounting : M3.5 mm Insertion of screws directly through base cover.

Maintenance:

Do not need any particular maintenance. If necessary soap and water can be used for cleaning. If detergent is used, enclosure should be rinsed well clean water.

Do not use any solvents to clean the enclosures.

Chemical resistance:

ABS Products are almost completely resistant to aqueous acids, alkalis and salts, Concentrated phosphoric and

hydrochloric acids have little effect. Low KB solvents, alcohols and animal / vegetable / mineral oils produce insignificant changes. Aromatic or chlorinated hydrocarbons and high KB solvents cause marked swelling. Esters ketones and unsaturated alkalies are solvents for ABS and should not be used.

Temperature Range:

Long term exposure to temperatures above 70° C should be avoided. No significant change in impact strength is noticed up to -20° C.

All dimensions are in mm

Tough & Impact Resistant

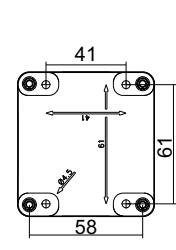

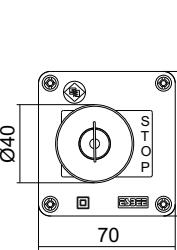

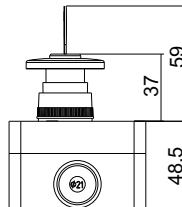

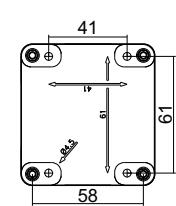

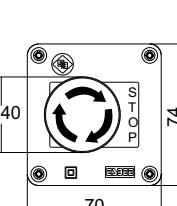

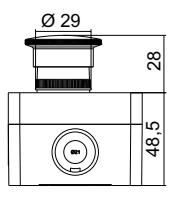

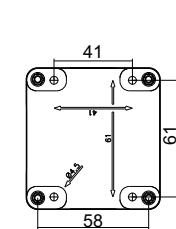

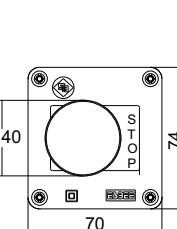

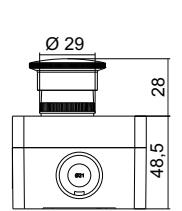

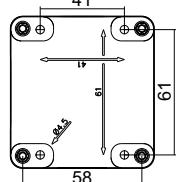

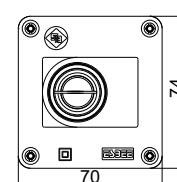

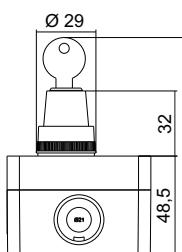

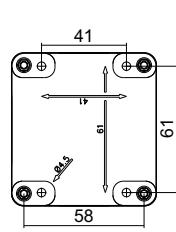

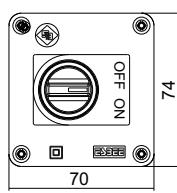

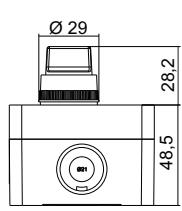

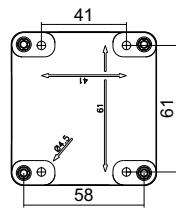

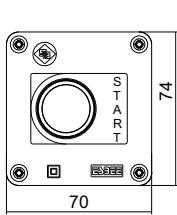

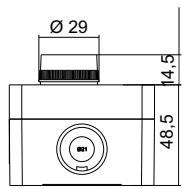

STANDARD STATIONS

- Tough and Impact resistance.
- Chemical resistance.
- Comply with safety IEC standards with IP 65 Ingress protection.
- Fully Insulated to house electrical and electronic equipment.

Screw Size for wall Mounting : M3.5 mm Insertion of screws directly through base cover.

Maintenance:

Do not need any particular maintenance. If necessary soap and water can be used for cleaning. If detergent is used, enclosure should be rinsed well clean water. Do not use any solvents to clean the enclosures.

Chemical resistance:

ABS Products are almost completely resistant to aqueous acids, alkalis and salts, Concentrated phosphoric and

hydrochloric acids have little effect. Low KB solvents, alcohols and animal / vegetable / mineral oils produce insignificant changes. Aromatic or chlorinated hydrocarbons and high KB solvents cause marked swelling. Esters ketones and unsaturated alkalis are solvents for ABS and should not be used.

Temperature Range:

Long term exposure to temperatures above 70° C should be avoided. No significant change in impact strength is noticed up to -20° C.

All dimensions are in mm

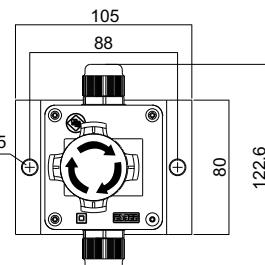

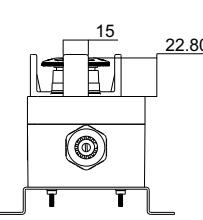

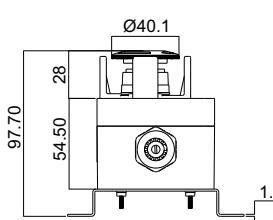

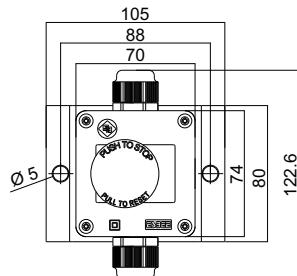

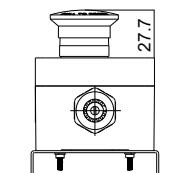

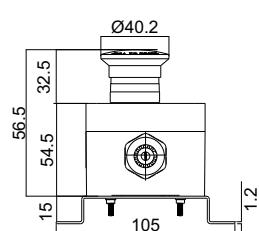

Dependable and Safe PRODUCTS FOR ELEVATORS

- ABS Engineering Plastic material resistant to ageing, impact, corrosion & non conductive to heat unlike metal enclosure.
- Fire retardant.
- Robust & total maintenance free.
- IP65 Protection.
- Fully insulated to house electrical & electronic equipment w.r.t. protection against electric shock.
- Temperature Resistance from -20°C to 70°C.

Elevator Products

Pit Switches

Part No.	Type of Switch	Type of contact	No's of contact	Cable Gland	Qty of Cable gland	Protecting Shroud	Mounting Bracket
JMJB0000	Mushroom Head Push Pull	NC	1	PG 13.5	2	NA	MS Yellow Passivation
JJJE0000	Mushroom Head Push Pull	NC	2	PG 13.5	1	NA	MS Yellow Passivation
JLFB0000	Mushroom Head Push Turn	NC	1	PG 13.5	2	1	MS Yellow Passivation

Unique Solution for Unique Needs

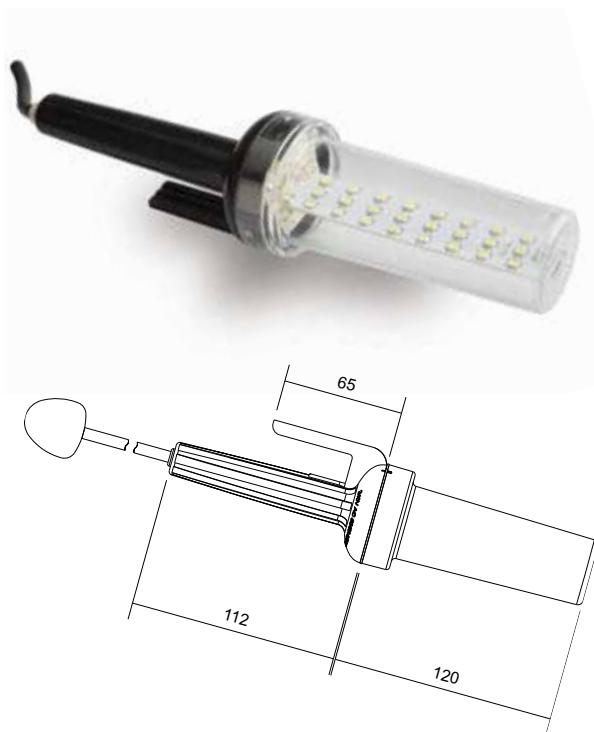

LED SOLUTIONS FOR ELEVATORS

- Customized solution for different elevators application.
- Low power consumption.
- LED's with long life of close to 0.1 million continuous burning hrs .
- Passes surge test 2kV & HV test of 1.5kV
- Low power consumption.
- -20°C to 70°C.

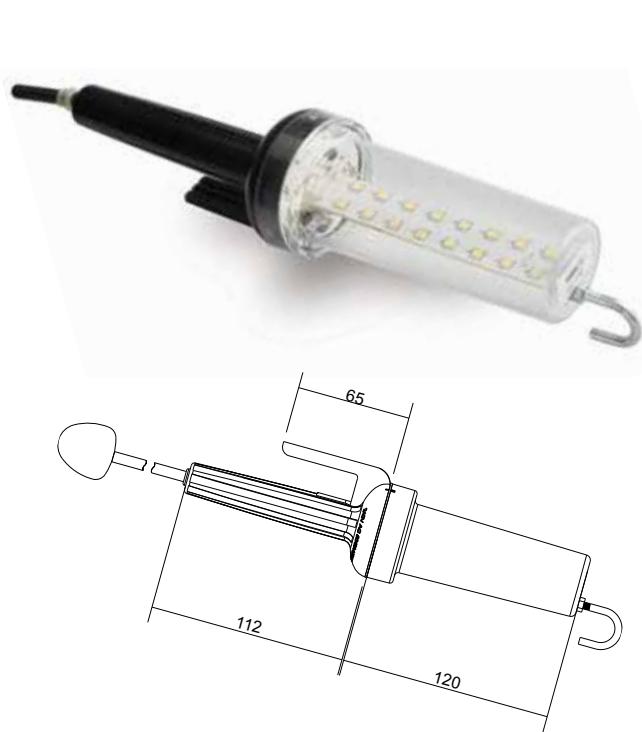

LED Solutions

LED Torch

LED Torch with Hook

LED Torch	
Cat. No.	IL24D07
Colour (8th Digit)	W - White
Voltage (9th, 10th, 11th & 12th Digit):	024 C - 24V AC/DC 110 A - 110 V AC 240 A - 240 V AC

Features

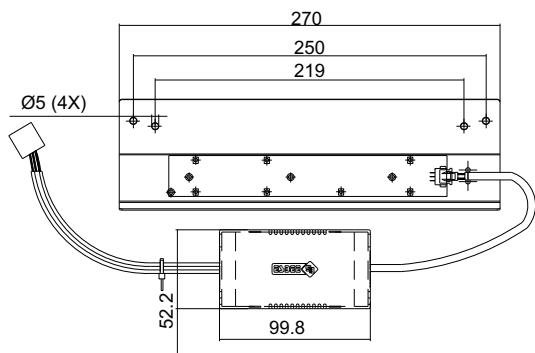

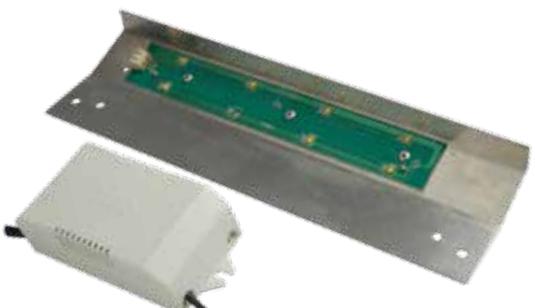

- Light weight & Maintenance free.
- 24 bright LED's offering a spectrum of illumination.
- LED's with Long life of close to 0.1 million continuous burning hours.
- IP Protection IP 54.
- Product made of engineering plastic making it more robust, impact proof, corrosion resistant & fire retardant.
- Low power consumption – less than 3 watts.
- Mounting hook provision.
- LED torch is devoted to offering the light with the highest quality during elevator maintenance.
- Can be used for inspecting critical operations.
- Cable length available as per requirement.

Technical Specifications

Rated Voltage	240V AC, 110V AC, 24V AC/DC
Limit of Operating Voltage	-20% to +10% of Rated Voltage
LED's	5 mm Th. Hole LEDs
Colours Available	White
Life	0.1 million burning hour
LED Arrangement	Cluster
Colour Temperature	6000°K- 7000°K
No. of LED's	24
Operating Frequency	50 / 60 Hz
Operating Temperature	-25°C to 65°C
Storage Temperature	-30°C to 70°C
Surge Test	2 kV
HV Test for 60 sec.	2.5 kV
EMI/ EMC Protection	2 kV
IP Protection	IP 54
Power Consumption (240V)	3W
Contact	0.75 Sq.mm - 0.75 Sq.mm
Mounting	Hook arrangement is provided

All dimensions are in mm

Car Light

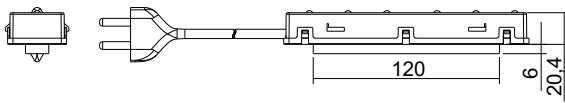

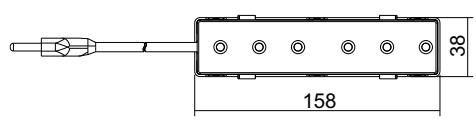

Car Light

Cat. No.	IL07K27W240A
----------	--------------

Technical Specifications

Rated Voltage	95-265V AC
LED's	SMD LED
Colours Available	White
Life	0.1 Million Switching Cycle
Colour Temperature	5000°K -7000°K
Viewing Angle	120°
No. of LED Used	7
Operating Frequency	50 / 60 Hz
Operating Temperature	-25°C to 65°C
Storage Temperature	-30°C to 70°C
Surge Test	3kV
HV Test	2.5kV
EMI/EMC Protection	3kV
Input Power	19W
Output Voltage	21V DC
Electrical Efficiency	0.78%
Output Current	800 ma to 900 ma
Primary Overvoltage Protection	Available
Secondary short Circuit Protection	Available
Secondary open Circuit Protection	Available
Power Supply IP Protection Class	54

LED with Magnet

Technical Specifications

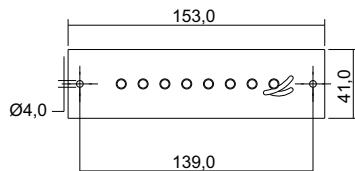

Rated Voltage	240V AC/110V AC
Limit of Operating Voltage	-20% to +10% of rated voltage
LED's	Through Hole LED's
